

BOARD RESOLUTION NO. 18

Series of 2026

A Resolution on the Position of the Student Council Regarding Hybrid Learning Modality and Student Welfare Amid Current Challenges

WHEREAS, on **March 25, 2026**, the **Quezon City University Supreme Student Council (QCU-SSC)** formally submitted its position regarding the proposed Hybrid Learning Modality and the concerns affecting the welfare of the student body;

WHEREAS, the QCU-SSC recognizes its responsibility to represent the interests, concerns, and welfare of the student body, particularly on matters affecting access to education, academic performance, safety, and overall well-being;

WHEREAS, the ongoing increase in oil and fuel prices has affected public transportation operations, resulting in increased transportation fares and reduced availability of public utility vehicles (PUVs);

WHEREAS, a significant number of QCU students rely on public transportation for their daily commute, and the increasing transportation costs and limited availability of PUVs may create additional financial burdens and difficulties in attending classes and fulfilling academic responsibilities;

WHEREAS, the increasing heat conditions, particularly with the approaching summer season, may adversely affect students' comfort, concentration, participation, and ability to effectively engage in face-to-face classes;

WHEREAS, these combined challenges may negatively affect the academic performance, attendance, safety, health, and overall welfare of students;

WHEREAS, the proposed **Hybrid Learning Modality** was presented during the meeting of the Board of Regents as a possible response to the current circumstances affecting the student body;

WHEREAS, the QCU Supreme Student Council expresses its support for the proposed Hybrid Learning Modality as a responsive and practical approach that may help address the transportation and environmental challenges being experienced by students while ensuring the continuity of education;

WHEREAS, the QCU-SSC emphasizes that examinations and other major academic activities should, whenever appropriate and practicable, be conducted through face-to-face arrangements to uphold academic integrity and ensure proper assessment of student performance;

WHEREAS, this position is likewise aligned with the request of the **Quezon City Academic Affairs Unit**, which sought the official stance of the QCU Supreme Student Council regarding the proposed learning modality;

WHEREAS, the QCU-SSC believes that any learning modality adopted by the University should balance accessibility, academic quality, institutional capacity, and the welfare and needs of the student body;

NOW, THEREFORE, BE IT RESOLVED, that the **Quezon City University Supreme Student Council (QCU-SSC)**, through its Executive and Legislative Officers sitting *en banc*, hereby

QUEZON CITY UNIVERSITY
SUPREME STUDENT COUNCIL

673 Quirino Highway, San Bartolome, Novaliches, Quezon City

expresses its **support for the proposed Hybrid Learning Modality** as a responsive measure to the current challenges faced by the student body;

RESOLVED FURTHER, that the QCU-SSC respectfully recommends the implementation of flexible learning arrangements that will help lessen the transportation and environmental burdens experienced by students while maintaining the quality and continuity of education;

RESOLVED FURTHER, that examinations, major assessments, laboratory activities, and other academic activities requiring physical presence be conducted through face-to-face arrangements, subject to applicable University policies and the determination of the concerned academic units;

RESOLVED FURTHER, that the QCU Administration be urged to consider and implement transportation assistance programs or other appropriate forms of support for students affected by increasing transportation fares and limited PUV availability;

RESOLVED FURTHER, that the University Administration be encouraged to coordinate with relevant government agencies and stakeholders regarding possible measures to support PUV drivers and help maintain accessible and reliable public transportation for students and members of the University community;

RESOLVED FURTHER, that the University Administration be urged to implement appropriate measures addressing the effects of increasing heat conditions within the campus, including reasonable adjustments that will protect students' health, safety, comfort, and ability to participate in academic activities;

RESOLVED FURTHER, that the QCU-SSC calls upon the University Administration to adopt learning strategies that prioritize **student welfare, accessibility, academic integrity, and quality education** amid the current challenges;

RESOLVED FURTHER, that the QCU-SSC shall continue to coordinate with the University Administration and the Quezon City Academic Affairs Unit regarding the implementation and evaluation of the proposed learning modality and other measures concerning student welfare;

RESOLVED FINALLY, that this Resolution shall serve as the official position of the Quezon City University Supreme Student Council regarding the proposed Hybrid Learning Modality and shall be submitted to the appropriate University authorities for their consideration and appropriate action.

WITNESS OUR HANDS, this **25th day of March 2026**, Quezon City, Philippines.

PROPOSED FINALLY, that this Resolution shall take effect immediately upon its approval by the appropriate authorities of Quezon City University.
